

SOFITEL LEGEND METROPOLE HANOI In Hanoi, Vietnam

Sofitel Legend Metropole Hanoi, the iconic luxury hotel in the Vietnamese capital, has opened a new chapter in its storied 123-year history with the relaunch of its historic Heritage Wing following an extensive restoration and renovation under a 21-month project.

The comprehensive reconstruction work was centered on the original wing of the hotel, which was established in 1901 and has played host over the decades to numerous heads of state and royalty, along with world-renowned actors, writers, musicians and others.

The newly renovated Heritage Wing reopened to guests in mid-December, 2023.

The uploaded interior design of the lobby and guest rooms in the Heritage Wing was completed by Singapore-based David Grace Designs International PTE Ltd.
